

**THE SOLDIER'S TRIE FRIEND,  
ALWAYS READY.**

**HOLLOWAY'S OINTMENT.**

Long matches, sore and stiff joints, blistered and inflamed feet, all these the soldier can endure great fatigue. It soothes and relieves the inflamed and stiffened joints, leaving them supple, strong and vigorous, while for  
**SABRE CUTS AND GUNSHOT WOUNDS.**  
It stands unequalled, removing and preventing every vestige of inflammation and gently drawing the edges together, it quickly and completely heals the most frightful wounds.

**WIVES AND SISTERS OF OUR VOLUNTEERS.**

You can not put into the knapsacks of your husbands and brothers, a more valuable or more necessary gift than a supply of this

**EXTRAORDINARY MILITARY SALVE.**

The lonely sentry walking his rounds at night, exposed to drenching rains and chill night air, is often seized with most violent Pains Cough and suffocating hoarseness, first symptoms of quick consumption but if supplied with Holloway's Military Salve, all danger is averted, a few Pills taken night and morning, and the Ointment briskly rubbed twice a day over the throat and chest will remove the severest pains and stop the most distressing or Dangerous Cough. Therefore we say to the whole Army.

**SOLDIERS ATTENTION!**

See to your own health, do not trust to the army supplies, though most valuable. These Pills and Ointment have been thoroughly tested, they are the only remedies used in the European Camps and Barracks, for over forty years Dr. Holloway has supplied all the Armies in Europe, and during the Crimean Campaign he established a depot at Balaklava, for the exclusive sale of these great remedies, many a time his special agent there has sold over a ton in weight of the ointment in a single day. These terrible and fatal enemies of the Soldier: the Camp Diarrhea, SCYFENARY, SCURVY SORES and SCROFULOUS ERUPTIONS, all disappear like a chaff on before these PILLS & OINTMENT and now while the Cry rings throughout the land,

**TO ARMS! TO ARMS!**

Do not let these brave men perish by disease, place in their hands these precious remedies, that will enable them to resist the dangerous exposures, the Fevers, the Chills and the wounds which they cannot avoid, and what is more cannot frequently get succor in the moment of need, whereas if our brave men have only to put their hands into their knapsacks and find there a sure remedy for all the casualties of the battle field. How many thousands of lives would be saved who would otherwise perish before the foe could be obtained.

**CAUTION!**—None are genuine unless the words "Holloway, New York and London," are discernible as a watermark in every leaf of the book of directions, and on each pot or bottle the name may be plainly seen, holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the Manufactory of Prof. Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world, in pots, at 25c. 62c. and \$1 each.

There is a considerable saving by taking the larger sizes.

**WILCOX & GIBBS' SEWING MACHINES.**

Price with Hammer and Feller, \$35 00.

THIS MACHINE HAS POINTS OF SUPERIORITY PECULIARLY ITS OWN.

Stitching, Hemming, and Felling with a Single Thread.

It forms a neat, even, and elastic seam, which is warranted not to rip or wear, even if the seam be cut at frequent intervals, and also under all circumstances "to survive the wash-tub."

A Patented device of great utility to learners, prevents the possibility of the machine being run in the wrong direction, or the balance wheel wearing a lady's dress.

Another feature which deserves particular attention is THE WILCOX PATENT NEEDLE CANNOT BE SET WRONG.

Two thousand Stitches, or two yards of work, can be done in one minute without dropping a stitch.

These Machines so simple and accurate in their construction, supersede the use of the shuttle; and with one thread produce all the practical results of the two thread machines; and more, for these fell without busting, and hem the finest muslin without puckering.

Although at about half the price of the other best machines, they will accomplish double the sewing in a given time.

It is emphatically the good, low priced Family Sewing Machine that the public have long been waiting for.—Boston Transcript.

It is indeed a wonderful production, and for family use especially, no other will bear any comparison with it." Philadelphia Evening Journal.

"A mechanical wonder."—Scientific American.

"Among the best and most serviceable Sewing machines. Light and elegantly finished, with simple and convenient work, it seems almost impossible for it to get out of repair."—Fittsburg Chronicle.

"Has combined with its own peculiar merits all the really valuable improvements of the higher priced machines."—Pennsylvania.

"This machine, in the opinion of the committee, fills more neatly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.

"Taking into consideration simplicity, cheapness, durability, and doing all work, the committee were unanimous in favor of the Wilcox & Gibbs as a single thread machine."—Pennsylvania State Agricultural Society's Report.

"We must, in Justice, express our confidence in the merits of the Wilcox & Gibbs Sewing Machine. We consider that a great desideratum has been supplied by it, in proving, beyond doubt, that two threads are not, as was supposed, necessary to a good instrument."—Christian Advocate and Journal, June 21, 1860.

"We have one of these machines in use, and think more highly of it than of any of the number we have tried."—Richmond Whig.

The undersigned, Missionary to Constantinople, has examined more than twenty different kinds of Sewing Machines, and after some six weeks' experience with Wilcox & Gibbs' Patent, he has purchased one of them as the best adapted to the wants of his family, and the least liable to require repair."—OLIVER CRANE, Boston, July 3, 1860.

The undersigned, during eighteen months has had in almost constant use, in his family, Wilcox & Gibbs Sewing Machine, upon which has been made the clothes of his large family—from muslin to pilot cloth—including the clothing worn by his family, and in no case have the seams failed, although in hard service. The machine now in use in his family has required no repair, and is in all respects, well appointed, efficient and durable.

**Ayer's Sarsaparilla.**

Prepared and sold by DR. J. C. AYER & CO., Lowell, Mass.

**TO THE PEOPLE OF THE UNITED STATES!**

IN the month of December, 1858, the undersigned for the first time offered for sale to the public Dr. J. BOVEE DODS' IMPERIAL WINE BITTERS, and in this short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and mental misery arising from the neglect of small complaints, and the importance of a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body must invariably effect the mind. The subscribers now only ask a trial of

**DR. J. BOVEE DODS' Imperial Wine Bitters!!!**

from all who have not used them. We challenge the world to produce their equal.

The Bitters for the cure of Weak Stomach, General Debility and for Purifying and Enriching the Blood, are absolutely surpassed by any other remedy on earth.—To be assured of this, it is only necessary to make the trial. The Wine itself is of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alternative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to all its parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness peculiar to FEMALES, where a Tonic is required to strengthen and brace the system. No Lady, who is subject to lassitude and faintness, should be without them as they are revivifying in their action.

**THESE BITTERS Will not only Cure, but prevent Disease**

in the respect are doubtless valuable to the person who may use them. For

**INCIPENT CONSUMPTION.**

Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, and for all cases requiring a Tonic

**Dr. Dods' Celebrated Wine Bitters ARE UNSURPASSED!**

For Sore Throat, so common among the Clergy, they are truly valuable.

For the aged and infirm, and for persons of a weak constitution,—for Ministers of the Gospel, Lawyers, and all public speakers,—for Book Keepers, Tailors, Seamstresses, Students, Artists, and all persons leading a sedentary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to the use of excessive stimulants, and who wish to refrain from it. They are pure and entirely free from the poisons contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is soft, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen, and temperance advocates, as an act of humanity, should assist in spreading these valuable BITTERS over the land, and thereby lessen all pain and banishing Drunkenness and Disease.

In all Affections of the head, such as Headache or Nervous Headache, Dr. Dods' Imperial Wine Bitters will be found to be most Salutory and Efficacious.

**PREPARATIONS**

The many certificates which have been tendered us, and the letters which we are daily receiving, are conclusive proof that among the women who Bitters have given a satisfaction which no others have ever done before. No woman in the land should be without them, and those who once use them will not fail to keep a supply.

**DR. J. BOVEE DODS' IMPERIAL WINE BITTERS**

Are prepared by an eminent and skillful physician who has used them successfully in his practice for the last twenty-five years.

The proprietor, before purchasing the exclusive right to manufacture and sell Dr. J. Bovee Dods' Celebrated Wine Bitters, had them tested by two distinguished medical practitioners, pronounced them a valuable remedy for disease.

Although the medical men of the country as a general thing disapprove of Patent Medicines, yet we do not believe that a respectable Physician can be found in the United States, acquainted with their medicinal properties, who will not highly approve DR. J. BOVEE DODS' IMPERIAL WINE BITTERS.

In all newly settled places, where there is always a large quantity of decaying timber from which a poisonous miasma is created, those Bitters should be used every morning before breakfast.

**DR. J. BOVEE DODS' IMPERIAL WINE BITTERS**

Are composed of a pure and undiluted Wine, combined with Barbary, Solonon's Seal, Confrey, Wild Cherry Tree Bark, Spikenard, Chamomile Flowers, and Gentian. They are manufactured by Dr. Dods himself, who is an experienced and successful Physician, and he should not be classed among the quack nostrums which flood the country, and against which the Medical Profession are so justly prejudiced.

These truly valuable Bitters have been so thoroughly tested by all classes of the community for almost every variety of disease incident to the human system, that they are now deemed indispensable as a TONIC, MEDICINE AND A BEVERAGE!

**RAYMOND'S FAMILY SEWING MACHINE!**

PATENTED MARCH 9, 1858.

PRICE \$10 EACH.

MESSRS. ZOPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Improved Cheat Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families. The following are some of the superior advantages the improvement possesses, viz:

1. It sews from 400 to 600 tight stitches per minute.

2. Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a sheet of paper in two hours, and it is threaded easier than a common needle.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism.

4. It can be attached to a board, table or stand, in operating order, and removed in less than half a minute.

5. It greatly economizes the thread, and yet produces a seam, sufficiently strong for any work for which it is intended, a qualification not known to all kinds of Sewing Machines.

6. No human hand is capable of producing a seam so regular and systematic.—The seam is so strong if well done, that the strongest material will tear before the seam will give way.

7. Among the array of Patent Sewing Machines, there are none so cheap and durable as RAYMOND'S Patent, but no Machine is adapted to all kinds of work as experience has proven. There are perhaps none so really useful, doing such a variety of work for the immediate use of the family circle, and at such a moderate price as RAYMOND'S PATENT.

8. The operator can shape his seam just as he pleases, waves, leaves and flowers, etc., can be represented or imitated.

9. It is particularly adapted to all kinds of stitching—such as gentlemen's shirts, bosoms, rishbands, collars, etc.,—and all kinds of ladies' sewing, including silks, lawns, delaines, calicoes, dusters, etc., excepting for men's heavy wear, this Machine is rather too light of construction.

10. But we all admit, that the advantage to health, and principally to the vision of the eye, is gained by the use of Sewing Machines, surpasses infinitely all other advantages.

11. This Machine fastens the seam always itself, but if the operator wishes it unfastened or open, there is a way for it too, thus you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circumstance. If the seam is left unfastened, you can draw it out in three seconds and save the thread.

For
